EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 3, 2006, Eli Loots requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 11-1410 the required fee of \$60.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 28, which previously read

"An attachment device that is expandable from a first state to a second state for securing an endovascular apparatus to an interior wall of a lumen, the device comprising;

A plurality of telescoping arms forming a closed loop, wherein the closed loop defines a plane by its circumference, wherein each telescoping arm is connected to another telescoping arm above or below the plane."

Has been replaced with

"An attachment device that is expandable from a first state to a second state for securing an endovascular apparatus to an interior wall of a lumen, the device comprising;

A plurality of telescoping arms forming a closed loop, wherein the closed loop defines a plane by its circumference, wherein each telescoping arm is connected to another telescoping

arm above or below the plane, --wherein the plurality of telescoping arms are coupled together in an M configuration.--”
